MY FACE, MY BODY  
AWARDS

**ClearSkin PRO**

Innovative Treatment  
of the Year

## **Game-changing transformative power of bio-stimulation.**

By stimulating collagen production and increasing dermal thickness, ClearSkin PRO can significantly reduce fine lines, wrinkles and improve skin texture. Alma's innovative technology initiates a dynamic process that activates the skin's natural self-regeneration pathways, delivering natural-looking results that continue to improve for up to six months after treatment.

# Harmony XL PRO

Part of the Harmony XL PRO multi-application platform, the award-winning ClearSkin PRO applicator is a safe, effective, non-ablative laser treatment.

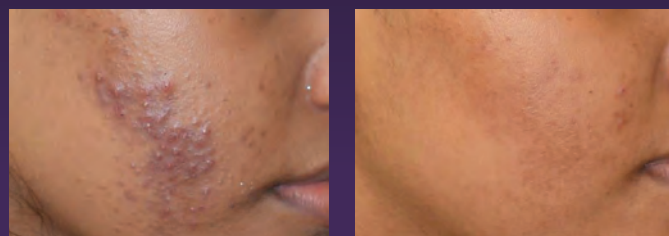

-  ClearSkin PRO initiates a **bio-stimulation process**
-  that activates **natural skin regeneration**
-  and keeps working up to **6 months post treatment**
